

Houdini

Ghetts

Ghetto Gospel: New Testament
It's Kenny Allstar
The voice of the streets
And when I speak the streets listen
If you know about your street shit
You would understand

Bath in sauce
Follow the drip when I'm marching forth
Red carpet walk
Step out the yard put the car in sport
Carni' and tour, Versace cardigan sort
Been flying out, I put the pass in port
Lifestyle cost an arm and a leg
Another arm and a corpse
I spend body parts on my body parts
This car is a morgue
My girls peng just the way she looks
But if she wants implants it's bought
Baby I got veneers, feature enhancements, cool

Dem can't see me again
Houdini again
Zim zimmer, I got the keys to the bimmer
I became Beenie again
I watched What The Health on Netflix
Dem chicken heads can't read me again
Dem can't see me again
I turn into Houdini again
Zim zimmer, I got the keys to the bimmer
I became Beenie again
I watched What The Health on Netflix
Dem chicken heads can't read me again
Came off the bike, jumped back straight on and immediately bust a wheelie again

Said it's we be again
Shot caller, big baller
Whole new steezy for them
Niggas want to be me in the ends
'Cause I got the keys and the dinner
The ting looking peasy again
Rich before this rap shit bruh
How you compare me to them, huh?
Ready with niggas that would leave 'em for dead
Fuck about little prick
Have my youngin come and chop a chunk of meat out your head No replies on the net
When we pulling up you better mean what was said
I been on the roads doing shows
That's why they pissed they can't meat me again
Catch me in the cut with my niggas
Act up pussy you can hold three from the ten

Dem can't see me again
Houdini again
Zim zimmer, I got the keys to the bimmer

I became Beenie again
I watched What The Health on Netflix
Dem chicken heads can't meat me again
Dem can't see me again
I turn into Houdini again
Zim zimmer, I got the keys to the bimmer
I became Beenie again
I watched What The Health on Netflix
Dem chicken heads can't meat me again
Came off the bike, jumped back straight on and immediately bust a wheelie again

Stuck on beastmode
Like some furs on my niggas
But I ain't got none of my stuff from deets though
Bikes and cars like a winner ask man like Showy if I ever done a weed grow
She don't wanna give me no time
'Cause she thinks I'll fuck her and fuck up her ego
She knows

I love darks wallahi
My first crush was Tatyana Ali
Aaliyah never called herself a barbie
Skrtrt off in my german
Take that bitches skirt off in my german
