

I'm Ghetts (Rmx)

Ghetts

Give thanks and praise to the most [?]
Yeah, Rastafarian, ruler of all Earth

I'm Ghetts, I be getting the girls to undress
From the break of dawn to sunset
I tell girls, "if you come correct
I won't treat you like a dumb sket"

I'm Ghetts, I be getting the girls to undress
From the break of dawn to sunset
I tell girls, "if you come correct
I won't treat you like a dumb sket"

Two hours in the shower
Step two, what's my next move?
Cocoa butter and Talcum powder
I don't dress to impress you
But yet, my name's in your mouth like a [?]
Oi, Ghetts, the outfit is out of this world
I beg you tell me where you got it from
Air force 1s with lights in the back
Like [?]
Jeans no cotton on
Everyone's hopping on my dick like it was 96 and I got a tone
Nah, all I got is a lot of songs
But, I'm on the road, still
So, I can't say that I'm not a con
Think I've gone? You all got it wrong
Think I've gone? You all got it wrong

I'm Ghetts, I be getting the girls to undress
From the break of dawn to sunset
I tell girls, "if you come correct
I won't treat you like a dumb sket"

I'm Ghetts, I be getting the girls to undress
From the break of dawn to sunset
I tell girls, "if you come correct
I won't treat you like a dumb sket"

Yo, yo
Everyone gets girls
But if you get six, I get twelve, welcome to my world
Nothing but girls forget males
When I'm stressed, sex helps
I got birds that I before the red [?]
Look, she's still [?] but I'll succeed
And I guarantee the rest fails
You don't wanna talk, you would think her breath smells
Guess who? Guess what?
Guess belt? Guess where the top's from?
You'll never guess, girl
And don't ask why I got a green bandanna on
I'm from Greengate
If you don't know what that is, it's five minutes from the XL
I put the gyal dem on hold, then they're hanging on
You make 'em sick, I make 'em [?] well

And a bag of [?] is all I brang along

I'm Ghetts, I be getting the girls to undress
From the break of dawn to sunset
I tell girls, "if you come correct
I won't treat you like a dumb sket"

I'm Chip
Yo
Dun know
Yo

I'm Chip, I be getting the girls to unstrip
No mistletoe or kissing involved
Yo, you already know
I'm fresh from my head to my toe

I'm Chip, I be getting the girls to unstrip
No mistletoe or kissing involved
Yo, you already know
I'm fresh from my head to my toe

I come through like, yo it's all bristle
Talent, looks, one bag of swagger
Who's badder? Who, him?
Liars, I'm what the gyal dem like
What's this talk about "lighties are out of fashion"
You must not know my life
I got short things, trying to tiptoe and kiss
I'm like "nah-uh", buy my flyers b
Take this for, I'm not that guy
Below the belt, that can work
Touch your toes and up your skirt
Scream my name, I'll call you babes
Simple as I'm a simple lad
Ladies know what time it is
A gyal may not have time for a boyfriend
Trust me, she's got time for chicks

I'm Chip, I be getting the girls to unstrip
No mistletoe or kissing involved
Yo, you already know
I'm fresh from my head to my toe
