

I'm Ghetts

Ghetts

Dun know
G-H-E Double T-O
Lewi White on production
Blow!

I'm Ghetts, I'll be getting the girls to undress
I'm young yes but I've done mess, bun feds
And if I'm letting my gun rest, I'm dead
Come test and get left with a hung neck
I'm Ghetts, I'll be getting the girls to undress
I'm young yes but I've done mess, bun feds
And if I'm letting my gun rest, I'm dead
Come test and get left with a hung neck

Two hours in the bath
Jumped out smelling like flowers in the park
Ready to rave, I've got powers in the dance
Blowing up like the twin towers in a blast!
Come from the hood 'cause I carried in the past
Do a back ground check when I clap down vets
When I come through, show some respect, I'm Ghetts!
Ever since get set my [?] ch-check-check
I already feel like say I'll be the best yet

I come better than whatever they expect
I'm better than them vets
I've got venom in my veins I'm a fresh threat
I ain't gotta be provoked
I'll teach if you need a coach
Furthermore get me to ghost
Stop tryna read my notes
No you niggas ain't free to boast!

I'm Ghetts, I'll be getting the girls to undress
I'm young yes but I've done mess, bun feds
And if I'm letting my gun rest, I'm dead
Come test and get left with a hung neck
I'm Ghetts, I'll be getting the girls to undress
I'm young yes but I've done mess, bun feds
And if I'm letting my gun rest, I'm dead
Come test and get left with a hung neck

Man follow me like I'm leaving a trail
Wannabe's wanna try even the scales
It will not happen like Jesus in hell
You in the top three's like a preacher in jail
Surely a misjudgement
I got flows and lyrics in abundance
And no I don't deal with assumptions
I could never be made redundant
Lewi White got the great production
Yeah, you know Ghatt's, one five no less
Not a penny short, no there's no deduction
Wait, see my clothes be custom made
Hey, I never crossed the game
I never crushed a dame
'Cause some girls wanna crush my name

Fuck the fame, when the crops stop
I'ma cut the caine then shot rocks
Buck buck on the country lanes
Once again I've got shots

I'm Ghetts, I'll be getting the girls to undress
I'm young yes but I've done mess, bun feds
And if I'm letting my gun rest, I'm dead
Come test and get left with a hung neck
I'm Ghetts, I'll be getting the girls to undress
I'm young yes but I've done mess, bun feds
And if I'm letting my gun rest, I'm dead
Come test and get left with a hung neck

You won't ever see G-H putting on an act
This boy's getting mad 'cause I'm looking at his yat
But I had her before him
I tell a breh straight the time, date and place
His wife made me faint
Why the fuck would I try take his place
I'ma be fly till I'm eighty eight
Got a couple links that try make me wait
Alright baby, safe, I like shady games
Go ahead, stunt, you can front for a month
When it comes to the crutch
Pump, pump and I buck
Still going on like her shit don't stink
Smell's like she jumped in a bunch of skunks
So once had a hunch nigga hung with a dunce
Tryna put crumbs in the blunt
I'm done with the cunt
When I come to the stage
Tell this bitch girls run to the front

I'm Ghetts, I'll be getting the girls to undress
I'm young yes but I've done mess, bun feds
And if I'm letting my gun rest, I'm dead
Come test and get left with a hung neck
I'm Ghetts, I'll be getting the girls to undress
I'm young yes but I've done mess, bun feds
And if I'm letting my gun rest, I'm dead
Come test and get left with a hung neck
