

Not Lose

Ghetts

Still I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!

MC's wanna war again
1 - 2 - 3 - 4 of them
5 - 6 - 7 more of them
8 - 9 - 10 all of them
Champion!
That's why every MC calls my name when they want a tittle shot
But they all leave in an Ambulance

I'm taking em out keep talking I'll staple em out
I used to love grime God knows I'm ashamed of it now
And I don't wanna be the king
But the last spitter they had in the throne was a disgrace to the crown
Any man I provoke he ain't safe when I'm around
Like anna nicole cause an estate you be found
You don't have any hope with your face in the ground
Kill an mc
How do I know that he's dead
Cause when I'm done what I'm doing
I lift up his arm and check his pulse
That's how I can tell he's a ghost
I'm sick
You could say he died from a venomous dose
I got bodies in my backyard
Cause I bring the evidence home
And I would have many more
But it's a waste of my time
Tryna reply to every insult
Like say my fans don't want another album
Another mixture or the best of both
It's well over due now cuss
Some times you gotta let shit go
Unless the benefits show

I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!

MC's wanna war again
1 - 2 - 3 - 4 o'them
5 - 6 - 7 more o'them
8 - 9 - 10 all o'them
Champion!
That's why every MC calls my name when they want a tittle shot

But they all leave in an Ambulance

First it was Bashy then it was Nappa then it was Flirta D
Then it was Wiley then it was Skepta but no one murdered me
Then it was P I hit him with the Eiffel Tower full power like Hercules
Some might say that I've lost the wars
If so hows the title returned to me
Explain that
Asap!
And don't say shit if it ain't facts
Right now I'm ticking all boxes
I heard a man say that I've lost it
Ok I put my hands up
That's my fault I was holding my own songs hostage
How is he meant to know I still got this
So I came back like the rock did
Smell what I'm cooking
I feel sorry for other MC's
Who told them they'll get a look in
Or they'll get a booking
Fuck Em
Fuck Em
Fuck Em
Big duns big shells man a putting
They'll scream help when I'm pulling

I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!
I Will Not Lose!
Never No Way Not Ever!
