

Relationship

Ghetts

Yeah, J. Clarke... Tension
Yeah yeahhh
Uh huh, that's right... yo

I don't mind a relationship
But I need a patient chick
Some chasing the one like Agent Smith
It's more than a face and a figure
It's more that a figure and a face
That's making me think
She can be Faith when I'm Big
I need a companion
That won't mind when I be with the mandem
No hassle, it's so casual
Stay over, get your own flannel
Take this velvet robe and make yourself at home
I'll be back before sunrise
If you're hungry order a pizza
But don't touch my stack before lunch time
(Oh no no no)

Tell me what you want
Tell me what you need
Gotta get it over with
Let's have a relationship
I'll give you what you want
Give you what you need
Gotta get it over with
Let's have a relationship

I've said it before and I'ma say it here
It's me and you, so girl I need you here
I promise to do all I can for us
And I'll give it my all baby 'cause
You got it girl, yeah yeah
You got it girl
You got it girl, yeah yeah
You got it girl
You got it girl, yeah yeah
You got it girl
You got it girl, yeah yeah
You got it girl

Tell me what you want
Tell me what you need
Gotta get it over with
Let's have a relationship
I'll give you what you want
Give you what you need
Gotta get it over with
Let's have a relationship

You see opposites attract
I'm hype so I need someone opposite to that
I'm fly so I might sit opposite a yat like
Hi, hello
What's your name, occupation and age?

If you're single it's simple
That's one thing we've both got in common
And I'm hoping you're solemn
And so not a wrongen'
I don't want a rotten wife
Will I be long forgotten
If I hit rock bottom
Like I know what a coffin's like
Hopefully I'll clock in time
Before I make any promises
I need to know if you're fake like a comic is
Or, when I'm on tour
Will you hate that I'm on a trip?
Will I see it in your face when you wanna switch?
(Tell me!)

Tell me what you want
Tell me what you need
Gotta get it over with
Let's have a relationship
I'll give you what you want
Give you what you need
Gotta get it over with
Let's have a relationship
