

## Stage Show Don

Ghetts

I'm a stage show don  
I've seen guys on the mic in the limelight  
And there ain't no bond  
But the rave goes on  
And it ain't so long 'til my flame goes on  
I come across like a natural I'm confident with it  
Who can tell me I'm wrong to admit it?  
It's long for the critics  
I do this with a passion, drugs, music, fashion  
I'm a tug with too many talents  
Trust this will truthfully balance  
And I'll bust don't screw when it happens  
Long before I had a hair do with patterns  
I dreamt I was sent to do this  
You ain't got the strength to prevent the movement  
I'll commence with intent to prove it  
And go against any defence or unit  
I'll attempt in any events (I swear down)  
Even if it's as petty as pence (I'm here now)  
You ain't telling me sense, you better repent  
And get a warning like a second offence  
I don't care if you fellas are hench  
I'll lick a man with a regular wrench  
I'll raise the crowbar and take it so far  
You could never ever measure the length  
It's real on the field go sweat on the bench

Any venue, I will end you  
Stage show don!  
G-H he ain't  
You know I ain't coming with the sam old song  
More time I got something fresh on the menu

Shows I be blowing up if you don't know  
You're slow you don't know enough  
My levels are going up  
Don't act like you ain't seen what this poet does  
You know it  
I'm worth the dough and bottle of moet  
Two simple demands  
You choose I prove I twinkle with stars  
On youtube doing this ting with guitars  
Bluetooth my ting to your spars no charge  
Two two's I could have a single in charts  
The underground, underdog, underpaid  
Am I understood  
Done the rave, done the shubs  
I'm the reason the youngers are good  
Don't ask what I've done for the hood  
From the youth clubs...  
To the booth cause I'm way too much

I always come with the goods  
Cause controversy like jumpers with hoods  
My name rings bells from Plaistow to Glasgow  
Tottenham to Nottingham, Junction to Bush  
I'm the one with the verses one with the hooks  
Got the game under my thumb I'm one to be pushed  
Got a rave coming up I'm the one to be booked  
Nothing under the sun could stun me I've took  
Trips out the country monthly and put  
Food in my belly when I'm hungry I'm good

Any venue, I will end you  
Stage show don!  
G-H he ain't  
You know I ain't coming with the sam old song

Shows in the zone I'm performing abroad  
I'm a stage show don I was born to perform  
Show me the dough and I'm all for the cause  
I can't pause I come with the force of a Porsche  
I won't stop till my thoughts are endorsed  
I've learnt what you can't be taught on a course  
I'm the star of the show  
Around me you'll get more feedback tryna talk to a corpse  
Still my money be short as the dwarves  
So I'm on a mission I can't be forced to abort  
This time next year we're talking awards  
You lot are dead like you record in a morgue  
I can't applause I'm appalled  
What I write could never be forged by a fraud  
I've got the most energy you'll ever see  
Chemistry with a melody is a neccessity  
This I do regularly  
I bring life to a cemetery  
Make you feel 20 when you're 70  
That's my pedigree  
Hard work no jealousy, if an MC's ahead of me  
I won't hate I'll better me  
I got more 16's than a last year in secondary  
I'm sick but I don't want a remedy  
Zoot and a bottle of hennessy, I'm cool

Any venue, I will end you  
Stage show don!
