

## Top 3 Selected

Ghetts

Bap-bap-ba, baow  
Oi, top three selected producer  
Rapid on the buttons  
Top three selected MC  
G-H  
You dun know  
Movement all day

I've got an open mind  
But if my money don't multiply, I'm rolling by  
With an open eye like "show me the money"  
Coke and white, my rota's arrived  
I'm a pain in the back like a broken spine  
And I aim and attack like I'm placed in Iraq  
Got the game in a wrap, I'm the golden guy  
Never been a time when I ain't spoken my mind  
1984, October the 9th  
I was born Caesarean style  
In 21 years, I've heard loads of advice  
I take it in sincerely and smile  
Would anyone care if I weren't holding a mic?  
I think not, that's why I've been weary a while  
Who's the best? It's too close to decide  
But some don't work like a broken device  
Two years in the game and I'm rolling the dice  
I'm bang on point, I be overprecise  
I put the polter in geist, the chauffeur in drive  
I'm so fly, I'm getting closer to Christ  
If I'm close to your wife? Then I'm stroking her thighs  
Next step, big boner inside  
My persona's defined, any moment in time  
Niggas know I'm involved in the grind

I'm top three selected  
You are not me, forget this  
Me plus eight on the guestlist  
You can't even suggest it, but Ghetts did

There's no introduction needed, I'm a genius  
And I'm even schooling seniors (ask Will)  
Next year? Porsches, Beemers  
Nothing like a caution, I'm serious  
I'm far from short of experience  
Big arenas with a distorted frequency  
It's awesome, when you're someone important  
But as for unfortunate dreamers  
Turn 40 and are forced to be cleaners  
A mop, broom and a brush, I am not losing my touch  
I'll up the gear like I'm using a clutch  
Fuck losing my buzz  
I do what I does, the truth's in my blood  
But the game's so loose and corrupt  
Being immune is a must

I'm never affected except when I'm getting arrested  
Had Ps but I never invested  
But the rest did  
Now the whole ends are interested  
I've been tested, but they couldn't penetrate my defences  
Still here with my middle finger extended  
Pissed 'cause you ain't had a single requested  
And me and my collective are really respected  
I don't know what the hell you expected  
I ain't gonna help you perfect it

My spot can't be taken, it will never be vacant  
There's no replacement, that's blatant!  
Wait your time, niggas are so impatient  
I'm from the roads, from the street, from the pavement  
Got a flow, got a beat, got a basement  
I'm the shit but I smell like a fragrance  
I'm a top boy, prick, that's the arrangement  
I'm tryna go where Kane went, it makes sense  
I'll do more than help my Mum pay rent  
Fuck an agent, you ain't getting 8 pence  
I'm doing fine so I know what Sway meant  
If I'm adjacent to a dame that's radiant  
She may wanna change her maiden name  
Play the game 'cause I'm based in entertainment  
The face of bass, voice of choice  
Lips of kiss, that's why you and your boys are annoyed  
I'll take your place, avoid the ploy  
I spit the piff, that's why you and your boys are destroyed  
I'll change the game, point for point  
I'll flip the script, that's why you and your boys are adjoined  
I'm back with a bang, back with a backpack like I'm packed for Japan  
Live cash in my hand  
Next year, I ain't even gonna clash for a grand  
I'll only do tracks with the fam
