

# Trendsetter

Ghetts

I do it major  
I do it now, they do it later  
Because I'm a trendsetter  
If they set a trend, I set ten better  
They do it minor  
I do it heavy, they do it lighter  
Because I'm a trendsetter  
If they set a trend, I set ten better

I be the originator  
From the bars to the garms  
Check my past, Clarke's an innovator  
Yeah, when they had an Atari  
I was fucking with SEGA  
I'm like [?] kickers and friends connection  
I had it all first, I saw a minute later  
But by then, I've moved on  
If you ever meet somebody  
Saying that I didn't, that's a lie like a story in the paper  
When them man were listening to Will Smith  
I was on the [?] and Noreaga  
They don't wanna do it how I done it  
Now they wanna try and do it like I did it  
But I'm telling them  
I can't see your salt on my radar  
I walk the walk, it's all in the trainer

I do it major  
I do it now, they do it later  
Because I'm a trendsetter  
If they set a trend, I set ten better  
They do it minor  
I do it heavy, they do it lighter  
Because I'm a trendsetter  
If they set a trend, I set ten better

Trendsetter from way back, I showed them  
The content was way better  
It's almost like the game stay frozen  
The way I came back and [?] money  
Must've moved in slow motion  
Know that the name stays golden  
It's Shark, grime scene's my ocean  
Man better have their guard up if they're open  
Hard luck when I hold him  
Lyrically, I will fold man  
Invade your gang  
And true say, I'm a grown man  
My line of work's worth [?] grands  
Them man are minor with no plans  
Wasters, come light the light up with a coke can  
Look at me chill, here's a [?], later  
Look, all that I know fam, no guy's greater than me  
Not no man, Major, I be to an old man

I do it major  
I do it now, they do it later

Because I'm a trendsetter  
If they set a trend, I set ten better  
They do it minor  
I do it heavy, they do it lighter  
Because I'm a trendsetter  
If they set a trend, I set ten better

G-H power  
We do it heavy and we do it major  
On a Richter scale, we'll be danger  
I was big in this ting before Déjà  
Rinse, Freeze and Flavour  
I got flows and so much flavour  
Armani jeans and a blazer  
A shape-up with a clipper, not a razor  
I'm [?] in a dance like a raver  
Look, I just wanna make paper  
If it ain't about paper, speak to me later  
Always had a good heart, never been a hater  
Some man do it but we do it greater  
Big man ting, I'm dan like Vera  
Back in the 90s, I drove a Ciera  
Now I got a Range Rover and an R1  
So, I guess life's treating me fairer  
Because, because

I do it major  
I do it now, they do it later  
Because I'm a trendsetter  
If they set a trend, I set ten better  
They do it minor  
I do it heavy, they do it lighter  
Because I'm a trendsetter  
If they set a trend, I set ten better
