

## Sea Side Friends

Ghinzu

I feel comfortable  
My life is spectacular  
I am free  
Totally free  
I love me

I was born a millionaire  
And I'll die a billionaire  
And wind blows in the trees  
And my good friends are with me  
Under trankillizers  
In my villa near Kabul  
We're wondering ourselves  
If it's true or insane  
That we're all made of champaign

Love love me, any time  
Love love me, turn around

Good friends at the pool  
Waiting for the dawn  
Making the sound of rocks ya  
Knock in their glasses  
Imagining the world  
In orbit around their asses  
Yes my friend and I  
Are debating about art  
golf, porn and cars

Aren't second guessing ourselves  
If we know each other well

Love love me, any time  
Love love me, turn around  
Love love me if your fine
