

The End Of The World

Ghinzu

You're my ancient Rome
You're my Venus face
I wanna get lost...
I wanna get lost with you

Put your mirror dress on
For the 'last night case'
I wanna get lost...
I wanna get lost with you

Well you know I like to play with fire
When we think Baby we're so tough
Well you know sometimes games are dangerous
And when we've torn ourselves apart, and we feel that
all is gone
Come on my love, let's forget who we are

I'm your little man, got a ticket for the pire, hand in
hand
'Til the end of the world
You and me
Cause we're not afraid of no one when it falls down
When the city'll burn, we'll be dancing in the flames,
then we'll smile
'Til the end of the world
You will see
Cause we're not afraid of no one when it falls down

They say the end is near
That soon all will be gone
We don't wanna miss the show
The things we have, the things we've done

It's in their glossy magazines, in their truly juicy TV
shows
In their million broken dreams they try to fix with
drunken gods
Lottery, seminars, therapy, recoveries

Well you know sometimes games are dangerous
And when we've torn ourselves apart, and we feel that
all is gone
Come on my love, let's forget who we are

I'm your little man, got a ticket for the pire, hand in
hand
'Til the end of the world
You and me
Cause we're not afraid of no one when it falls down
When the city'll burn, we'll be dancing in the flames,
then we'll smile
'Til the end of the world
You will see
Cause we're not afraid of no one when it falls down

And when the devil's overdrive
Has swept away the cool

Come on my love, come, come on and make it right
In the final scene, we keep driving on the roof, all
night
Cause nothing can stop us, the devil is dead now

It's not too late
It's not tomorrow yet
We can go on
You will see
