

This Light

Ghinzu

I need to leave, need to disappear
I hear your voice I know it's near
You're like a hole inside my head

Inject the music and let the breeze
Work me inside along my spine
All I can see it's in this light

Would anybody close my eyes?
Would anybody shut me down?
Everything is gone for nothing

I'm gonna try to seize the sun
I'm gonna try to give you some

Don't wanna wake up now
When I'm asleep, goddess, in your arms
I'm feeling good with you in this light

Would anybody close my eyes?
Would anybody shut me down?
I've let my soul inside the rocket

Cause I'm great noise, I'm in flames
I sing a song to tell you how
I give you all of what I am baby
I'm gonna try to seize the sun
I won't give it up

I've got to say, I am on fire, it's the nature of my game
So if you love me baby kiss a lick of flame
