

# Satanized

## Ghost

There is something inside me  
And they don't know if there is a cure  
A demonic possession  
Unlike any before  
It's a sickening heartache  
And it's slowly tormenting my soul  
I've invested my prayers  
Into making me whole

I should have known  
Not to give in  
I should have known  
Not to give in

Blasphemy, heresy  
Save me from the monster that is eating me  
I'm victimized  
Blasphemy, heresy  
Save me, from the bottom of my heart I know  
I'm satanized  
I'm satanized  
I'm satanized

An nescitis quoniam membra vestra  
Templum est Spiritus Sancti  
Qui in vobis est  
Quem habetis a Deo?  
Et non estis vestri

Through a life of devotion  
I've been quelling my urges to burst  
I've been fighting the notion  
To, by love, be coerced

I should have known  
Not to give in  
I should have known  
Not to give in

Blasphemy, heresy  
Save me from the monster that is eating me  
I'm paralyzed  
Blasphemy, heresy  
Save me, from the bottom of my heart I know  
I'm satanized  
I'm satanized  
I'm Satanized

Like a deadly affliction  
That is twisting and bending my core  
I have begged God for the remedy  
But I'm no longer sure

I should have known  
Not to give in  
I should have known  
Not to give in

Blasphemy, heresy  
Save me from the monster that is eating me  
I'm laicized  
Blasphemy, heresy  
Save me, from the bottom of my heart I know  
I'm satanized  
From the bottom of my heart I know  
I'm satanized  
From the bottom of my heart I know  
I'm satanized  
I'm satanized  
I'm satanized
