

# Polyphonic Mind

Ghost Atlas

Void illumined mind moving fast in the smallest hours  
Void illumined mind, I feel far away  
I broke my focus and felt sweet teeth  
Chew chunks from my heart  
I let you carry on  
Have your meal and have your way

Ritual tongue  
Spoken in a hidden language  
Pulled from your lungs  
Twisted in tune

Silhouette at the edge of the world  
I was looking down  
And I was hesitating  
Standing on the balcony  
Battered lungs howling at the looming moon  
I was reaching out  
And I was barely breathing  
Standing on the balcony  
I'm hanging on

Polyphonic mind wanders off in the smallest hours  
Polyphonic mind, I need to stimulate  
I listen back to my old songs  
Making promises that no one should ever keep  
Step into another phase

I'm in the dark  
Writing down the sound of the waves  
Offer my heart  
Split it in two

Silhouette at the edge of the world  
I was looking down  
And I was hesitating  
Standing on the balcony  
Battered lungs howling at the looming moon  
I was reaching out  
And I was barely breathing  
Standing on the balcony  
I'm hanging on  
I'm hanging on

Void illumined mind moving fast in the smallest hours  
Void illumined mind, in the smallest hours

Void illumined mind moving fast in the smallest hours  
Void illumined mind, in the smallest hours
