

## Arms of the Strangers

Ghost Machinery

I wanna step out from this path  
I don't like where it's leading me

You didn't care in the end  
You just pushed us over the edge  
Again and again, enough is enough

Stay away, far away  
Comfort lies in the arms of the strangers  
I was blind all that time  
Freedom lies in the arms of the strangers

Love was a lie from the start  
Past was the worst enemy

Scorned by love all your life  
You aimed it on me  
Again and again, I've had enough

Stay away, far away  
Comfort lies in the arms of the strangers  
I was blind all that time  
Freedom lies in the arms of the strangers

All I felt was the emptiness inside  
Didn't comprehend the message between the lines
