Dead Inside

Ghost Machinery

Once my soul wandered free
Now it's chained inside this prison

I won't, I can't
I can't make a stand
I just follow you into my grave
I'm just a shell of a man

Dead inside and no one will hear me
Dead inside would someone set me free

Everyday seem like the same
Life's carousel is spinning fast

It's killing me
I can't break free
I'm caught in this same old routine
I'm just a shell of man

Dead inside and no one will hear me
Dead inside would someone set me free
Dead inside and no one will see me
Dead inside would someone set me free
