Evil Undertow

Ghost Machinery

Judge the book by it's cover
Prejudice reigns towards the others

The fear of change is upon us

Current of life boils from madness
Darkness rises evil undertow
Burning souls cry from sadness
The end is near

Persecuted by all the strangers
It's a dark world and it's full of dangers

The fear of change is upon you

Current of life boils from madness
Darkness rises evil undertow
Burning souls cry from sadness
The end is near

I can see that you're smiling with me when you're near
But as you turn away, your hate reappears
