

They say there is way if the will is strong enough
There is a calm just before the storm

I bend a little, but I'm never going to break
You think I'm weak, but that's a big mistake

I can see it in your eyes
I can feel it in your touch
I can hear it in your voice

Fatal - Danger to my soul
You're just a stranger
Stranger on the road that leads to my heart

You say I'm out 'cause I don't know how to act
You say I'm in 'cause I'm your secret sin

But I'm the king and you are my crowd
I turned the thumb and the nations bowed

Now and forever you are gone
Just an oddity in my life
Never to return to my world

Fatal - Danger to my soul
You're just a stranger
Stranger on the road that leads to my heart
