

Kingdom of Decay

Ghost Machinery

Just a child inside the man
Living the dream in the castle made of sand
Opinionated but too blind to see
Overrated and so hard to please

Infantile hero
VIP in your little world

Kingdom of decay
Minions lacking freedom to live

Look in the mirror, what do you see?
Listen what you say, how does it make you feel?
Incompetent to see the signs
It all ends, it's all between the lines

Less than a zero
We all see, you're ruling with fear

Kingdom of decay
Minions lacking freedom to live
Kingdom of decay
Horizons fading, the future's unreal
