

# The Last Line of Defence

## Ghost Machinery

The game is on, I'm on the prowl  
The search goes on and on  
The beast arises and starts to prowl  
Ready to strike, ready to burn

Second to none, I'm supreme  
I will play to win  
Be prepared, it's the end of the world  
Hear me now or die

I'm the madness, I'll reign  
I'm the insanity, the pleasure and pain  
I'm the almighty god  
I am the last, the last line of defense

Barricade, the world is lost  
Eliminate the danger  
Let's celebrate the apocalypse  
Ready to fight, ready to die

I'm the madness, I'll reign  
I'm the insanity, the pleasure, and pain  
I'm the almighty god  
I am the last, the last line of defense

No retreat, no surrender
