

# Keep It at Bay

Ghost Mice

Sometimes it's hard to sing a bright song  
When the world outside's so dark  
And it's hard to keep our hopes up  
When we know it's gonna break our hearts  
But sometimes when I'm singing  
And I'm singing with my friends  
Well I feel like we are warriors  
We are wizards we will win

But outside the walls of this place  
Someone's given up on life  
They're well beyond our voices range  
And when this night is through we've all  
Got demons left to face  
We all do what we can do  
To keep them at bay

Now you can find a lover  
You can make them your best friend  
You can lay in bed all day  
And you can kiss all over them  
Then the world outside will shimmer  
Then the world outside will shine  
Every song that you hear sung  
Will be beautiful and bright  
But the stray cats will still be starving  
And the bodies will still be falling into graves

And the darkness will be waiting  
Out there in the shadows  
We all do what we can do  
To keep it at bay

Or you can get a job  
And you can lose yourself in work  
You can buy the things you want  
And say "my boss is such a jerk"  
And then you can pretend  
You got it all under control  
You can work hard every week  
And on the weekends you let go

But you'll feel that monster in your closet  
And you will know that it is gonna  
Come for you one day  
So you can turn up your TV  
You can pour yourself a drink  
We all do what we can do  
To keep it at bay

Tonight I will sing as loud as I can  
Keep away keep away keep away keep away  
For tonight we will fight  
And tonight we will win  
We will keep the darkness at bay  
We will keep the darkness at bay
