

## Back To Act Two

### Ghost of the Robot

Move back to, act two  
When I first moved out of town  
Oh I'd solved your case  
It wasn't a race  
I didn't have to, redo  
Every single word I'd say  
Once I hear you speak  
I didn't for weeks 'cause

You wanted to, you wanted to  
Say it's over  
You wanted to, you wanted to  
Say it's over

I'm walking alone  
No song to sing, I'm off the air  
This planets no home  
Fell deeper than Marina Tare  
Want to survive  
Without all your lies

Move back to act too  
When we sang just to cope  
Oh I told you I cried  
You said that I lied 'cause

You wanted to, you wanted to  
Say it's over  
You wanted to, you wanted to  
You want it too, you want it too

You wanted to, you wanted to  
Say it's over  
You want it too, I want it too  
So say it's over, say it's over!
