

# Let Go

## Ghost Town

Somehow I've seen it all  
I've seen the strongest fall  
Thought it was all my fault  
I was a know it all  
You said just keep my head up high  
Knew it was all a lie  
I smiled when it hurt  
Yeah I was always right

Sometimes you just gotta let go  
Let Let go let go  
Sometimes you just gotta let go  
Let let go let go  
You said hold on  
But I'll just let go  
Sometimes you just gotta let go  
Let let go let go  
Sometimes you just gotta let go  
Let let go let go

I'm done with all the hate  
I'm ready for a better place  
If you want the best in me  
You gotta let me live my dreams  
You can't do this to me  
I hate that you won't listen  
See it from my position  
You won't get the best of me

I'm sick of all your conversations  
If your words mean something  
Then please explain them  
It's funny how you preach  
I don't get it  
I hope you regret that I'm not holding on

Sometimes you just gotta let go  
Let Let go let go  
Sometimes you just gotta let go  
Let let go let go  
You said hold on  
But I'll just let go  
Sometimes you just gotta let go  
Let let go let go  
Sometimes you just gotta let go  
Let let go let go

The more I try to fix it  
The more it messes up  
This isn't dead and run  
When I let fear drive  
They said I need conviction  
If I wanna crawl  
I'm finally ready  
To let it  
To let it go

Sometimes you just gotta let go  
Let Let go let go  
Sometimes you just gotta let go  
Let let go let go  
You said hold on  
But I'll just let go  
Sometimes you just gotta let go  
Let let go let go  
Sometimes you just gotta let go  
Let let go let go  
You said hold on  
But I'll just let go  
Sometimes you just gotta let go  
Let let go let go  
Sometimes you just gotta let go  
Let let go let go
