

Modern Tragedy

Ghost Town

I love you, I hate you
I'll kiss you, I'll kill you
I'm toxic and deadly
This chaos controls me

There's no way to fix it
When broken is better
When I'm just a normie
They all just ignore me

I'm salty, she's sweeter
The world needs more like her
The world needs more fighters
Not push over liars

Can we make it better
And stop starting fires?
No stairway to heaven
The way that we're headin

No more regrets
No more regrets
No more regrets
No more regrets

I'm sober, I'm wasted
My peers think I'm crazy
Bipolar and anxious
I'm always impatient

Should I just embrace it?
Prescriptions won't fix this
Don't trust me with fragile
Cuz I'll fuckin break it

Might die at a young age
I know this sounds cliché
I'll dance with the devil
But still count my blessings

Can we make this better?
Or is it just me?
On this highway to hell
And there's no way to tell

No more regrets
No more regrets
No more regrets

This is who I am
Nobody said you had to like it
This is who I am
A modern tragedy

This is who I am
Nobody said you had to like it
This is who I am

A modern tragedy

Bury your mistakes, clear those bones from your closet
With wisdom there's pain, so don't be afraid
No, no, no
No more regrets
(If this life is all we have)
No more regrets, no more regrets

This is who I am
Nobody said you had to like it
This is who I am
A modern tragedy

This is who I am
Nobody said you had to like it
This is who I am
A modern tragedy
