

# You're So Creepy

## Ghost Town

For so long now I've been coming to your rescue  
(Got me thinking I'll get you)  
And I'm serious when I say  
I'm over it  
I'm over it (and all your fuckin' lies)  
That you'll stick around and stay on my side of town  
Now I'm covered in blood  
And I'm feeding off your pretty little lies  
For once why can't you just come and chase me  
Dig up my grave and save my body  
Now I'm rotting to the bone  
But my heart's still beatin'  
Hopin' you won't leave me

Creepy girls you're just my style  
Blood red lipstick you don't smile  
Falling victim to your fantasy  
Damn, I love it that You're So Creepy

Now you're risking it all for some creepy girl  
With a blacked out rage that'll cast a spell  
Don't tempt her she's got those evil eyes  
NOW YOU'RE RISKING IT ALL for some pinup doll  
WHO DRINKS IN THE A.M. FUCKS IN THE P.M.  
TREATS ALL THE BOYS LIKE SHE DON'T NEED 'EM

Creepy girls you're just my style  
Blood red lipstick you don't smile  
Falling victim to your fantasy  
Damn, I love it that You're So Creepy
