

Body and Blood

Ghost

This grave hill stinks of death
A reek from the ground
Catches whiff of the hound
A dead ones breath
The casket lid is cold
Waiting inside
Is someone petrified
That odours old

His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah

Son of God
The bitter taste is sweet
So eat Nazarene
And you kiss the obscene
Anointed feet

His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah

His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah

Son of God
Receive, consume
Receive, consume
Digest
Defecate

His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah
Son of God
