

## Anti-Social Masochistic Rage (ASMR)

Ghostemane

You took a knee and put some food in my cage  
And then you taught me how to sit and behave  
You told me, "Lick your fingertips for a taste"  
And then you smacked me and you called me a waste

I guess you gave me a little surprise in my drink  
Stumbled through the hall and hit my face on the sink  
Woke up in a panic and unable to see  
The pain intensified consequently

Haven't I been such a good good boy?  
Haven't I been such a good good boy?  
Haven't I been such a good good boy?  
Haven't I been such a good good boy?

You took a knee and put some food in my cage  
And then you taught me how to sit and behave  
You told me, "Lick your fingertips for a taste"  
And then you smacked me and you called me a waste

Haven't I been such a good good boy?  
Haven't I been such a good good boy?  
Haven't I been such a good good boy?  
Haven't I been such a good good boy?
