

## As Above So Look Out Below

Ghostemane

Slidin' round the city with the mark of the beast  
Got 7 demons on the way to take me to Greece  
So I can summon Osiris and make him battle Poseidon and when th  
ey both gone I still won't have a God to confide in  
I'm trippin' on shrooms a vacation  
I'm lickin' on Lucy escapin'  
All of my daily misfortunes  
And I know that I'm the creator  
I get so fucked in my brain  
That I don't know how I can say  
Anything that crosses my mind  
Without it comin' out the wrong way

Lately I'm feelin' a little okay  
Top of the mountain I'm fuckin her face  
Moment I cum now I believe in fate  
Still wanna die but not today  
I don't wanna be another mothafucka with no way to see the good  
in things  
I smile every time I bleed young Cobaine

I'm gloin' up goin' up jump comin' up  
If I don't kill myself before I see a million bucks  
I'm boutta jump, jump, jump down a waterfall  
Inhale the lake  
Sweet death come upon me

I'm gloin' up goin' up jump comin' up  
If I don't kill myself before I see a million bucks  
I'm boutta jump, jump, jump down a waterfall  
Inhale the lake  
Sweet death come upon me
