

Blackmage

Ghostemane

Bitch I'm breakin' out my mothafuckin' chains I'm a black mage
I'm never gonna rep no shit but kreep, now I'm out the cage
I'm shittin' all over the rules you gave, and now I turn the page
I'm a way better man than I'm ever gonna be when all I can do is obey
I'm takin' your blood and now I'm paintin' a circle around my feet
Protectin' me from Aiwass and Dæmons in his company
You never gonna be like me so bitch go get your own steeze
You never gonna see what I see I'm the K, R, double E, P the reincarnated be
ast

I am a mistake
And I really don't have a solid end-game
All I really wanna be
Is a monk in a stone monastery
I am a mistake
And I really don't have a solid end-game
I meditate all day
Contemplate how I'm gonna leave this place

I don't
I don't know where to go but up
I just can't seem to get my fix of a good life
One where I don't need to break ties
Don't recycle just get rid of everything you hate

Kreepin' through the gates of an unknown place
I can feel my heart race
And my blood leave my face
I'm about to welcome change
With a fresh embrace
About to decapitate another useless piece of waste
I'm a kreep
I don't weep
I never sleep
I'mma freak
Countin' sheep
I don't know sympathy
I'm a kreep
I don't weep
I never sleep
I'mma freak
Countin' sheep
I don't know sympathy

I am a mistake
And I really don't have a solid end-game
All I really wanna be
Is a monk in a stone monastery
I am a mistake
And I really don't have a solid end-game
I meditate all day
Contemplate how I'm gonna leave this place
