Ghostemane

Somebody give me a truth, I kid I kid
I know it's just too much to trust, ain't it?
We'll take it all, take all of it, all
Everyone else's shame, blame and all their pain

Is there anybody, and I really mean it, anybody headed this way
?
If so then we better get going, and going, and gone, I'll expla
in on the way

Running
Running away again
A maniac, no Magee
Vagabond to the end (the end)

(Lock me up
And throw away the key)

Out

Somebody give me a truth, I kid I kid
I know it's just too much to trust, ain't it?
We'll take it all, take all of it, all
Everyone else's shame, blame and all their pain

Lock me up
And throw away the key
Well, lock me up
And throw away the key
Well, lock me up
And throw away the key
Well, lock me up
And throw away the key
