

I was in the wrong place at the wrong time  
Like a bit of road kill on the 95  
Sick of wanting to cry, sick of wanting to die  
Fuck that (No more)  
More to life than always tryna leave it behind  
I guess I'm fucking up a lot, aye  
Find a bit of silver lining in a black cloud, sing aloud  
I'm never gonna let the devil take me down, or get me down  
Galileo (Find a way out)  
Find a way out  
Speaking up will get ya locked up like religion  
Pillage everything about a woke-up mind, I'm 'bout to  
Say a prayer (No one listens)  
Stay away, I  
Got a bit of blasphemy in me, young blast from the past Reminiscent V  
arg Vikernes on the wrong path like

Nobody really give a motherfuck  
What you say, bitch, I'll cut your fucking tongue  
Nobody really give a motherfuck  
What you say, bitch, I'll cut your fucking tongue

I never wanna know how it feels to be at the top alone

Aye  
Hexada  
Never gonna let up and I'm running to the end of the tunnel, I swear  
to the sun  
Someone said there was a light around there, I'm beginning to see a r  
ay, I hope it's what I dreamed and wanted, I  
Never been better  
Seek your vendetta, by then I'll be gone  
There's more to life than just being alone  
Somebody tell me it's okay to smile  
Hexada  
Never gonna let up and I'm running to the end of the tunnel, I swear

There's more to life than just being alone  
Somebody tell me it's okay to smile

Somebody tell me it's okay to smile  
There's more to life  
Than saying goodbye to it  
And everything you know

I wanted someone -anyone- beside me, so I wouldn't have to feel alone  
anymore
