Puttin up with this shit on my daily got me thinkin about another way to cope with neva bein okay  
I'm sick of spittin' about I wanna put a gun to my dome but that's the main thang  
Wondering all up in my brain  
I'm gonna end up at the top of a mountain lookin' down at all the things that I shoulda did and didn't but hey  
It's all about the shit that you see people you meet  
Sometimes the people you meet really ain't what they seem  
I'm wakin up every day another day in Paradise  
At least That's what I hear from everyone over 55  
But what do they know  
Gen Y  
Fuck life  
Till I die

Wake up  
Another day  
In Paradise  
That's What they say

Posted up  
Miami club on LSD  
Feel the love  
Hennessey replace blood  
Like paranoia replace fun  
Hand on her thigh my chick flood  
Like hoover dam done quit his job  
Face down at a bus stop  
Bum killed by 2 cops  
Fast forward now stop  
Man killed at a traffic stop

Paid vacation fo a crooked cop  
Fast forward some mo stop  
Look around at what you got  
Keep readin bout who got shot  
Everybody dead ya'll must have forgot

Wake up  
Another day  
In Paradise  
That's What they say
