

Pimp Slide Off A1A

Ghostemane

Stay sliding in the Grand Marquis
With them all gold teeth
You can't find no better
Now play that Mystic Pimp shit
If you wanna change your career
Not a God damn [?]
Never fucking with a lazy rapper
Bitch, in the game I go ballistic
I'm a beast, you a beast but you hyped and we could never reall
y hang so keep your distance
I'm a one man gang with a Louisville Slugger and you know I'm n
ever missing
There's way too much hate up inside, everybody nowadays so I ta
ke no chances
Spending everyday all day in the pad
Don't talk to me
Introverted, skinny young kid but don't box with me
I'm constantly accomplishing everything that I ever wanted in t
he beginning
I want to live up on the mountain top
Without a worry of what kind of acid to drop
I'm thinking if I hit a high enough altitude
I'll be escaping the demons that lurk in my room
But I keep it cool
[?] got me thinking that I'm an unlucky fool
But it ain't that true
I'm lucky [?]
If you one of them motherfuckers that be trying to prove
That you're a thing but you ain't shit, take a look at you
Bringing down everybody else's mood
Negativity aside
Never fuck with you
