

## Squeeze

Ghostemane

I fucked around and got a brand new bitch  
Fuck her till her legs both twitch  
I still wanna die, but got someone to do it with  
She put my hand up on her throat and told me squeeze that shit  
I fucked around and got a brand new bitch  
Fuck her till her legs both twitch  
I still wanna die, but got someone to do it with  
She put my hand up on her throat and told me squeeze that shit

Looking her right in the eyes and my thumb on her tongue  
Gripping her jaw like a fish outta water, I'm sprung  
I pushed her back to the wall and said "you're done"  
She imitated a super soaker then I soak her and get up and go,  
bitch  
Bitches, they come and go and  
This one ain't going  
'Cause I'm cuffing, like Joe Fontana  
Fuck all that sentimental  
Put your face in the pillow  
And give me them hands  
Bitch, you wanna, you wanna die but  
I'm gonna take your soul

I fucked around and got a brand new bitch  
Fuck her till her legs both twitch  
I still wanna die, but got someone to do it with  
She put my hand up on her throat and told me squeeze that shit  
I fucked around and got a brand new bitch  
Fuck her till her legs both twitch  
I still wanna die, but got someone to do it with
