

Where Stars Go To Die

Ghostemane

I'm so sick of all I live
And I can't seem to get myself out of this
Rut I'm in, don't wait up for me
I'm too far gone in this

I'm so sick of all I live
And I can't seem to get myself out of this
Rut I'm in, don't wait up for me
I'm too far gone in this

All that I see is the light
Receding into the dark of the night
Will I be another one to take my own life
Or can I triumph and make shit right
I don't really need nobody telling me if I am living right
I'm at the top of Mount Everest, compared to where you stand I
think that I'm doing (fine)
I can't remember the last time that I had a decent sleep
Somebody set me free
All of these fucked up dreams, they take a toll on me
If only I had any clue of what they mean

I'm so sick of all I live
And I can't seem to get myself out of this
Rut I'm in, don't wait up for me
I'm too far gone in this

I'm so sick of all I live
And I can't seem to get myself out of this
Rut I'm in, don't wait up for me
I'm too far gone in this
