

Bad Bitch

Ghostface Killah

Yo

Bad bitch pay her taxes and she get racks
Candlelight love, when we kiss, it's a match
When we being fresh, got her sweatin' out her tracks
On top starin' while she rubbin' on my back
I be mindfuckin' her
Whisper to her while I'm gettin' it
You smell good under the covers, it's more intimate
Your heart is a jail cell baby, I'ma sit in it
And lick you like a spoon of white honey with a hint of mint

Yeah

Leg between her legs
T-shirt and panties when she scrambling my eggs
Bills paid, nails done, love a lil' massage
Downtime, glass of wine, play a lil' DeBarge
Pullin' out the driveway, thick, with pink sweats on
Lookin' like a fresh bag of dope, not stepped on
Yeah, and don't touch my old lady, nigga
'Cause you'll be learning how to walk like a baby, nigga

Temptation

All your in face
Sweet persuasion
Calling your name
Come closer, baby
Because I'm losing patience, yeah
One question: How am I making you feel?
Yeah, ooh

Yeah, bad bitch, she win first place
How the fuck did we get here in the first place?
The hotel, the hot tub, make it a short stay
Then charge it all to my room like Anna Delvey
I gotta get away
Like KimYe for Pete's sake, we Philly the cheese steak
New Yiddy the cheesecake, Meek Milly the briefcase
I'm judge and the jury, she screaming she innocent
I'm sayin' you guilty of being a bad bitch
Police the milkshake, a shame
All them boys in the yard and I got-got to blame, I love it, I love it
Say my name, say my name, just double it, fuck it
Our destiny never change, a child of the moment
So brave but so afraid of everything honest
And them lies you're holding, I promise, to stay broken
This is how I get my fix and we make up
Savage, bad bitch

Temptation

All your in face
Sweet persuasion
Calling your name
Come closer, baby
Because I'm losing patience, yeah
Yeah, ooh
