

Bathtub (Skit)

Ghostface Killah

Damn, damn baby that water feels so good
I know, is it warm enough?
It's warm enough baby this shit is the bomb right now
Been waiting for you all day long
Waiting for me? Been waiting for daddy huh?
Yes, mommy was missing you
I've been missing you too, so much
Where were you?
You just don't understand
Just been out here working, sitting, writing rhymes all day in
the studio
You've been writing all day?
Mm-hmm, get my back, just get right there
Yeah, that feels good, right there
Turn around, baby, turn around
