Ghostface Killah

Like, man, these niggas said they with it, man
Like, how you trappin' but you in the house?
If you niggas keep on yappin', man
Bet them shells'll be in yo' mouth
Like, nigga said he from the best side
Yeah, the best side
Tone Starks, I'm from S.I.
And got some niggas from the West Side
We gon' plan when you in yo' house

My crew flyin' in a spearmint Wraith with cream-colored walls
Snakeskin floor mat, rich niggas pulling off
Jewelry so heavy, dawg, that's why I pop Tylenol
Cargo coke come through docked by the mall
Full length furs, Russian hats from Berlin
Two-tone Wallos, the cranberry dye is swirlin'
Come on your block like, niggas waving a stick like Merlin
Dominican flacko niggas in long-sleeved shearlings
It's more money
The floor model lookin' so ugly
Eighty-eight daddy Kane Gumby with a low rugby
Bitches wanna rub my belly, like, "Ghost, you so chubby"
Bitch, I been out in Amsterdam gettin' dope money
Boat money, submarine ice, stay afloat money
Ben'll kill one of you niggas, so don't provoke money, wow
I'm going all the way up
On my Joe shit, rolling loud all in the cut

Like, man, these niggas said they with it, man
Like, how you trappin' but you in the house?
If you niggas keep on yappin', man
Bet them shells'll be in yo' mouth
Like, nigga said he from the best side
Tone Starks, I'm from S.I.
And got some niggas from the West Side
We gon' plan when you in yo' house

Feds still trippin', tryna bag me on a coke case
Cop so many Bentleys, now they callin' me the Ghostface
Rollie presidential with the gold face
Send them killers to your door, nigga, Postmates
Contribution to the murder rate
We been toe taggin' motherfuckers since the Purple Tape
Stylez told me to go green to keep calm
So I walked to Philippe Chow, ordered the green prawns
Free my niggas with cars in they garages
Louis V, Versace, and Gucci in the carpets
I brought them things back from Mexico
Flexin' in the tunnel, that Fentanyl and perico
You know Joe in this shit lopsided
Came with that drip, you could go rock climbing
Go rock climbing, new Louis Vuitton diamonds
Me and Cartagena is two of New York's finest

Like, man, these niggas said they with it, man
Like, how you trappin' but you in the house?
If you niggas keep on yappin', man

Bet them shells'll be in yo' mouth
Like, nigga said he from the best side
Tone Starks, I'm from S.I.
And got some niggas from the West Side
We gon' plan when you in yo' house
