Ghostface Killah

Good evening, ladies and gentlemen
I'm the fabulous lord Superb
The host this evening, I got Ghostface Killah in the house toni
ght
It's Ghost's house tonight
I remember when we was kids, runnin' through the projects
And we used to smoke a little chronic, you know?
And chase the bitches down
And the nigga Ghost had a saying, he used to say:

Let's smoke some weed
And can I fuck you too?
Let's smoke some weed
And let me fuck you too
Real good
Real, real, real good
