But the only thing fixed, is the holes that we put in the dykes  
Rocks is okay, my voice is extraordinaire  
The man that scrapped with lions, hiberated with polar bears  
Hope I don't play with baking soda in my older years  
Mantles'll sit up like hill, I'd have to fold my beard  
Check one, two, Sonny, tell Bob to dim the lights up  
You see the studs, I want the red strobe to hit it right  
Stones are screaming, hot lattes, the rosees  
My robes is a murder statement, you fucking with rode rage  
Ladies and gentlemen, boys and girls  
Children of all ages, I pack metal like braces  
Not for the fingers, bitches fighting over my paper  
Y'all need to chill, sit the fuck down and fix ya makeup
