

## Empty Note

## Ghostly Kisses

How could I ever know you  
When everything lies in disguise?  
How could I ever forget  
Those eyes looking for my weal?

How could I ever know more  
When everything is held by threat?  
How could I ever feel you?  
Once again, without losing my mind

Oh empty note  
Shadows of my past  
Made it to the end

Oh empty note  
Shadows of my past  
Made it to the end

How could I ever know you  
When you are miles and miles away?  
How could I forgive myself  
How blind and scared I was?

Oh empty note  
Shadows of my past  
Made it to the end

Oh empty note  
Shadows of my past  
Made it to the end

Oh empty note  
Shadows of my past  
Made it to the end

Oh empty note  
Shadows of my past  
Made it to the end
