

## Garden

## Ghostly Kisses

Hiding  
I know I can't do  
I just wanted more time with you  
How so?  
I laid my roots for once  
I just wanted more time with you

Bound to one another  
Can't disclaim  
But we act alone

Holding back  
I know I do  
I just want to learn about the truth  
When no one is around  
What can I do?  
Just wanted more time with you

Bound to one another  
Can't disclaim  
But we act alone

And it all remain  
We are strangers now to one another  
And it all remain  
We are strangers now to one another  
We are strangers  
We are we are  
We are strangers  
We are we are  
We are strangers  
We are  
We are strangers
