

Touch

Ghostly Kisses

Every day, I keep thinking
About you and I
How good we are together
When we're alone together

Can you tell why
Can you tell me why you keep your distance like this?
Can you tell me why you keep your distance like this?

I wanna feel your touch
I wanna feel you
I wanna feel your touch
I wanna feel you
Will you ever?
Will you ever let me in?
Let me in

You read me well
Better than I read myself
I like
I like you best
When there is no one else, only on our own

Can you tell why
Can you tell me why you keep me in the dark like this?
Can you tell me why you keep me in the dark like this?

I wanna feel your touch
I wanna feel you
I wanna feel your touch
I wanna feel you
Will you ever?
Will you ever let me in?

I wanna feel your touch
I wanna feel you
I wanna feel your touch
I wanna feel you
Will you ever?
I wanna feel you
Will you ever let me in?
