

## Breaking Cover

Ghostpoet

I am alive  
I am alive  
You are alive  
We are alive  
They are alive  
Because of the fleas  
Itching with love  
Shouting above  
The din of the crowd  
I am alive

I wanna die  
I wanna die  
You wanna die  
We wanna die  
They wanna die  
Because of the ways  
Drowning in hate  
Demons that wait  
I'm in my love  
I wanna die

It's getting kinda complex these days  
Complex these days  
Better get a hard ass ready  
Complex these days  
It's getting kinda complex these days  
I don't fear you anymore  
But my back breaks under the weight

I wanna know  
I wanna know  
You wanna know  
We wanna know  
They wanna know  
What's it all mean?  
What are we here?  
Is this the end?  
Can we turn back?  
I wanna know

I need a break  
I need a break  
You need a break  
We need a break  
They need a break  
It's all on top  
It's too much noise  
I can't turn it off  
Panic attacks  
I need a break

It's getting kinda complex these days  
We better get a hard ass ready  
Complex these days  
It's getting kinda complex these days  
I don't fear you anymore

It's getting kinda complex these days  
We better get a hard ass ready  
Complex these days  
It's getting kinda complex these days  
I don't fear you anymore  
But my back breaks under the weight  
Too late (too late)  
Too late (too late)  
Too late (too late)  
(Too late)  
(Too late)  
(Too late)  
(Too late)
