

Pale Skin Diva

Ghoultown

I slipped into my skin and met her after midnight
Her cleopatra eyes were givin me the chills
The beating heart of darkness curled up inside her
I thought i saw some blood on her lips yeah

Chorus:

Pale skin diva

Ya!

And like a raven spread her wings in crucifixion
Opened her chamber door and slipped me inside
Now we dig the sounds of groovy sex and leather
My hungry kitten, yeah, she likes to spill her milk, uh!

Leather girl from hell
