

7Days

(G)I-DLE

I gotta say
Monday, Tuesday or every day, Wednesday, Thursday
Seven days of forever
You're stuck in my head
Spinning round wishin' you'd stay here

Monday to Friday or every day, Saturday, Sunday
Let me love you forever, no matter the time
Seven days like a dream forever

All the walls were crumbling down
Didn't want no one around
Till you caught me out the blue
Now it feels like Déjà vu

I know I'm a mess but I need you so bad
No, the pain doesn't last, but the memories are gonna stay

Fallin' into you, yeah
Feelin' so true, yeah

I'm so obsessed with how you breathe
Nonsense is taking over me
You and I, we birds of a feather
Stitched together, no lie

I gotta say
Monday, Tuesday or every day, Wednesday, Thursday
Seven days of forever
You're stuck in my head
Spinning round wishin' you'd stay here

Monday to Friday or every day, Saturday, Sunday
Let me love you forever, no matter the time
Seven days like a dream forever

Tryna find my way, reading you like a map
When I lie awake, I hear you ring in my head again

I'm stuck with you, yeah
Don't let me loose, yeah

I'm so obsessed with how you breathe
Nonsense is taking over me
You and I, we birds of a feather
Stitched together, no lie

I gotta say
Monday, Tuesday or every day, Wednesday, Thursday
Seven days of forever
You're stuck in my head
Spinning round wishin' you'd stay here

Monday to Friday or every day, Saturday, Sunday
Let me love you forever, no matter the time
Seven days like a dream forever

Trust in our feelings, I don't mind
You're caught in my brain every damn time
I'm tryna keep you close to the limelight
Seven days, nights with ya

I gotta say
Monday, Tuesday or every day, Wednesday, Thursday
Seven days of forever
You're stuck in my head
Spinning round wishin' you'd stay here

Monday to Friday or every day, Saturday, Sunday
Let me love you forever, no matter the time
Seven days like a dream forever
