Ready, action

I'm alone in this room for so, so long
With the thoughts about you
I'm making a song like this
My phone rings at this late hour
Why did you say sorry now?
Even a second is too late (Too late)

You didn't tell me that lie
If I had endured that last word
Would we still be together? (But now)

Already, already, already over
Ah, ah, ah, ah
I erased you
Ah, ah, ah, ah-ah
Then that day, that day
Already, already, already over
Ah, ah, ah, ah
On the last day, ah, ah, ah-ah
The end, it's how our story ends

I never missed you, lonely tonight, uh
Love is lost, but we don't exist that day, uh (Yeah)
The beginning and the end of the relationship (Yeah, uh)
That always depended on you
The way you talk pretending to be nice, stays the same (The way you talk)
I'm sick and tired of knowing who you are (Yeah)
There's an idiot who's satisfied with the seat next to me now
I don't know my yesterday, I spit it out with tears
Nevermind, even if you really changed, I already

You never know what I've been through
I wanted to cry and hang on
I know in the end, it won't be us
It can never be the same as before (Again)

Already, already, already over
Ah, ah, ah, ah
I erased you
Ah, ah, ah, ah-ah
Then that day, that day

Already, already, already over
Ah, ah, ah, ah
On the last day, ah, ah, ah-ah
The end, it's how our story ends

Breathe

Already, already, already over
Ah, ah, ah, ah

Already, already, already over

On the last day, ah, ah, ah-ah
The end, it's how our story ends
