This morning, with bread in my mouth again
Start the day the same way
Ice Americano in one hand all day long
I'm so tired, I might die
Did I see this scene in the subway in your dream yesterday?
Oh, every day passes by, oh, oh

On a normal day in this busy life
Look at that kid

The peaceful sky collapsed
The dark before my eyes turn red
I think I forgot something
I feel like I'm going to cry for no reason
I think it would be better to just pass by
Because I just hate thinking

I lost the sense of concentration I had with caffeine
I feel like I'm going to throw up because I'm worried all day long
Even in the evening, I forget my hunger
It's weird, but you know what?

What should I say the first time I saw him? Do I miss it?
It's funny to me too

The peaceful sky collapsed
The dark before my eyes turn red
I think I forgot something
I feel like I'm going to cry for no reason
I think it would be better to just pass by
Because I just hate thinking

Know me for a long time
Make a sad face, oh-oh
Outside the memory without a trace
Or in the past, in the future, in another dimension, in the world
One, two, three, four, five, six, seven, eight

The peaceful sky collapsed
Even if the dark before my eyes turns red
I feel like I'm missing it again
I feel like I'm going to cry for no reason
I think it would be better to just pass by
Because I just hate thinking

No, I think it's better to pass by
Because I just hate it when I'm hurt
