Giant Rooks

My head on the floor, his feet on my spine
Shattered to pieces by the end of the night
Oh I've been taught to swallow my pain
Instead of talking I've poisoned my brain

Now you can say what you want, pay what you want
Imma drown myself in the depths of the internet

Floating face up
Keep my eyes shut
When I wake up
Adrenaline's kicking in
Floating face up
Make this pain stop
I'm tryna scream but
Nobody's listening

Say what you want, pay what you want
Don't care 'bout it tonight
Everybody say what they want, pay what they want
The joke's on you this time

Throwing my fists 'til I'm top of the game
I'm gonna be first, gonna be adored by the world
Say your last words but don't spoil all the fun
You'll be begging for mercy and I'll shoot as you run

Now you can say what you want, pay what you want
Imma drown myself in the depths of the internet

Floating face up
Keep my eyes shut
When I wake up
Adrenaline's kicking in
Floating face up
Make this pain stop
I'm tryna scream but
Nobody's listening

Say what you want, pay what you want
Don't care 'bout it tonight
Everybody say what they want, pay what they want
The joke's on you this time

Say what you want, pay what you want
Don't care 'bout it tonight
Say what you want, pay what you want
Don't care 'bout it tonight

Oh I've been taught to swallow my pain
Instead of talking I've poisoned my brain

And now you can say what you want, pay what you want
Imma drown myself in the depths of the internet

Floating face up
Keep my eyes shut

When I wake up
Adrenaline's kicking in
Floating face up
Make this pain stop
I'm tryna scream but
Nobody's listening

Say what you want, pay what you want
Don't care 'bout it tonight
Everybody say what they want, pay what they want
The joke's on you this time

Keep my eyes shut
Floating face up
Make this pain stop
Adrenaline's kicking in

Say what you want, pay what you want
Don't care 'bout it tonight
Everybody say what they want, pay what they want
The joke's on you this time
