

Under Your Wings

Giant Rooks

Another day is breakin'
Lyin' awake waitin' (ay-yeah)
For somebody to save me
From the dreams that chase me
Please make it go quiet

I'm lyin' next to my body
Listenin' to my heartbeat (Heartbeat)
I hate that you feel sorry
You don't need to worry
I'm just feelin' tired

You gave it up too many times
Under your wings, I'm feelin' alright
My heart is racin'
My legs are shakin'
Stay by my side
Just stay by my side

(Mm-mm, oh)

Chances I've been takin'
(Ay-yeah)
Every light is fadin'
I don't wanna face this
Buildin' an oasis
To make it go quiet

Thinkin' 'bout it lately
Don't give me the "maybe"s ("maybe"s)
Can anyone save me
From the dreams that chase me?
I'm just feelin' tired (I'm just feelin' tired)

You gave it up too many times
Under your wings, I'm feelin' alright
My heart is racin'
My legs are shakin'
Stay by my side
Just stay by my side

(Oh, no)

Just stay by my side

Damn, I'm changin', I'm changin' for you
You saved me, you saved me, but without you
I cannot make it through
Damn, I'm changin', I'm changin' for you
You saved me, you saved me, but without you
I cannot make it through

(One, two)

Gotta give it up to get it right
Under your wings, I see the sunlight
My heart is racin'
My legs are shakin'

Stay by my side
Just stay by my side

(Oh no)
Just stay by my side

Damn, I'm changin', I'm changin' for you
You saved me, you saved me, but without you
I cannot make it through
