

# A Night To Remember

Giant

When it starts to rain  
I always think about you  
I could not forget  
The things that we've been through

All the memories  
The things that we said  
I could never really get us to mend  
We were enemies, full of prejudice  
That's the way the things will always remain

Every day I tried my best  
So believe me I can change  
Things were spinning round my head  
Let me go just make this end

Make this night a night to remember  
Pick up the pieces and start it again  
Oh baby  
Make this night a night to remember  
Give me a reason to start it all over again

If I heard your voice  
I'd probably beg you to stay  
So baby don't say a word  
Just run, run far away

Make this night a night to remember  
Pick up the pieces and start it again  
Oh baby  
Make this night a night to remember  
Give me a reason to start it all over again

Someday you're gonna find someone  
Someday you're gonna live again  
But now we're better off alone  
We're gonna make it on our own

Make this night a night to remember  
Pick up the pieces and start it again  
Oh baby  
Make this night a night to remember  
Give me a reason to start it all over again

Make this night a night to remember  
Pick up the pieces and start it again  
Make this night a night to remember  
Give me a reason to start it all over again
